ARCANE

Wireless Control of Intensity,
Color and Incorporating Liquid
Crystal Optics by:

ARCANE *[ahr-keyn]*

Understood by few; mysterious or secret.

Oxford English Dictionary

Arcane is a fully integrated light module, enabling wireless control of Light Intensity, Color Tuning, Full Color Mixing and 10°-50° Beam Angle Variation; all from the convenience of a simple App.

Technical Specifications

ARC-60-48-200-**

Arcane Integrated single CCT white light module

- 60mm x 97mm
- 2700k, 3000k, 3500k & 4000k, CRI83 white LED
- 48VDC Constant Voltage Input
- Wireless BLE Input
- 2,000lm, 17W max

ARC-60-48-200-2740

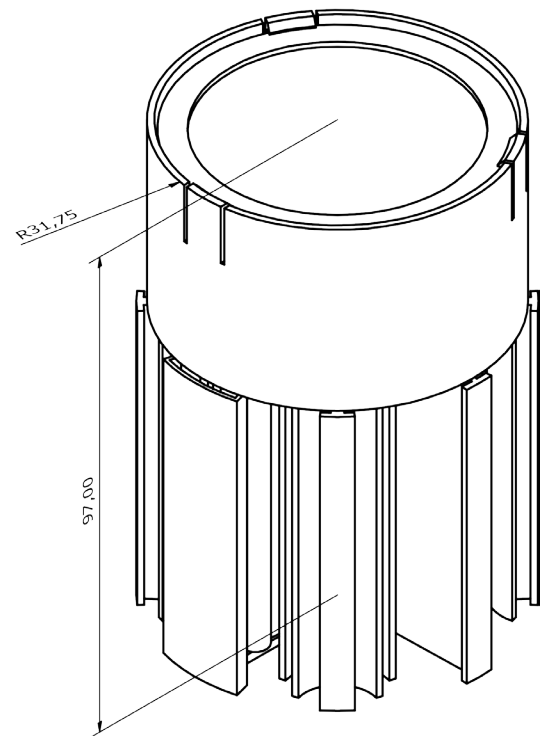

Arcane Integrated tuneable white light module

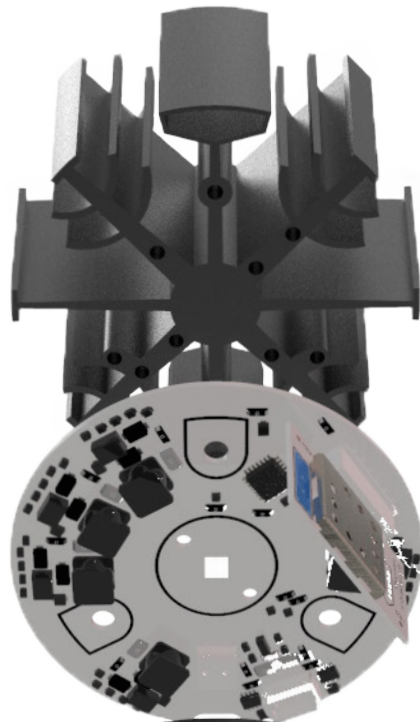

- 60mm x 97mm
- 2700k-4000k, CRI83 white tuneable LED
- 48VDC Constant Voltage Input
- Wireless BLE Input
- 2,000lm, 17W max

ARC-60-48-RGBW

Arcane Integrated full color RGBW light module

- 60mm x 97mm
- RGBW colour mixing
- 48VDC Constant Voltage Input
- Wireless BLE Input
- 600lm white, 17W max
